Instructor: Kelti Rees (B.Ed, I.S.T.D)

Program Outline:

This program will expose children to arts and academics in a relaxed environment, with a focus on dance, music and art as it relates to our theme. Our classroom routine will incorporate a discussion about the calendar and weather, story time and center time, with a strong emphasis on learning and fun through play.

Philosophy

Our aim is to inspire a desire to learn, and to continue to facilitate the development of each child's unique abilities in a loving and creative environment. We believe that children should have ample time to imagine, play and explore the world around them. Learning through dance, song and creating is not only beneficial to the early development and growth of children, but it is fun!
